

Our variety of architectural grills come with posts, brackets and special accessories that can vary according to model.

The architectural chain links manufactured at Magnacero have a highly engineered, aesthetically and structurally pleasing design for a variety of uses. The raw materials and manufacturing processes used are of the highest quality and reliability.

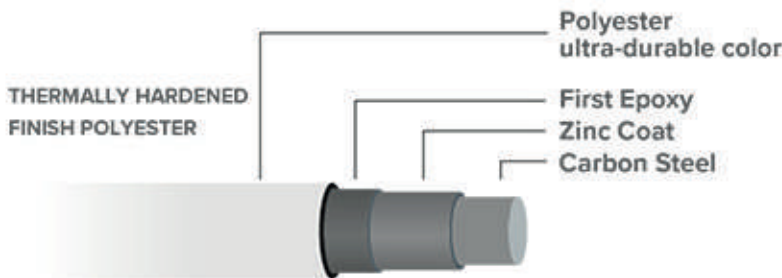

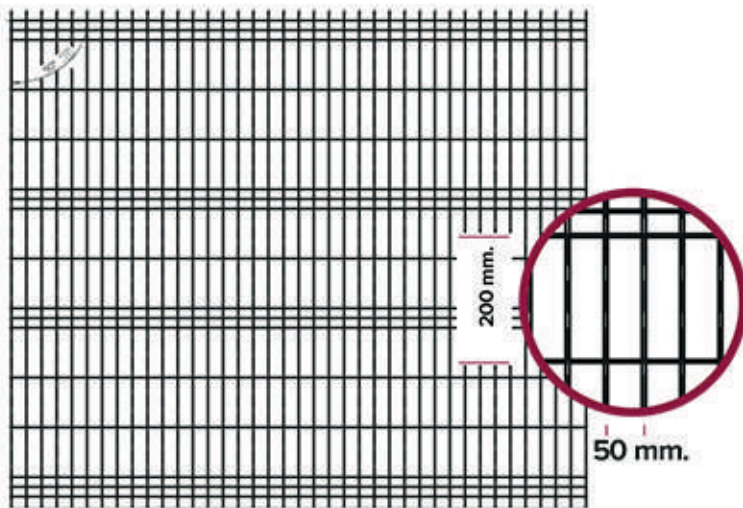

# ARCHITECTURAL GRILL 3DV

## CHARACTERÍSTICAS

Magnacero architectural 3DV chain link is characterized by its easy installation and its modular, individually replaceable panels. Its curved shape offers both a higher strength and aesthetics.

## APPLICATIONS AND USES

They can be installed in residential neighborhoods, parks, parking lots, schools, retail locations, recreation and sport-specific areas and any other place that requires an aesthetically pleasing and secure perimeter.
